

7/12/89

Fred,

Please omit references 33 and 37 as information
these has been included on reference 16 (3 mile radius map)
Add references 6, 7, 16, and 38 Reference 6 is additional
geologic information, reference 7 is the new 7th edition of
SAX, reference 16 is the new updated 3 mile radius map,
and reference 38 is monitoring well data from the county
I have sent you a copy of each new reference and the
updated HRS worksheets and scoresheets

Thanks
Steven Vaughn
